R Lounge in the Renaissance Times Square Hotel is surprisingly intimate for its super-commercial surroundings, and may offer the best view of the New Year's Eve ball drop. In fact, if you'd like to reserve it for that occasion, you should probably book it now.

This view could be yours.

Unlike the throngs below, you'll enjoy signature cocktails, a menu created by the Bromberg Brothers of Blue Ribbon Bakery fame, and...indoor plumbing. Picture it through 2012 novelty glasses.
